

Testimonials

Ashley had a blast at camp and I would be happy to recommend you to any parent here in Winchester or the Frederick County School District. We will see you next year for camp again. Ashley had a great time for the 2nd year in a row. We, my husband and I, are very excited about the quality of counselors and staff members. I just want to say "Thank you" for a great summer program you have for the kids. I could not ask for a better program and I know that Ashley is safe during the time she is in your care and that is the best feeling while I am at work. Please thank all of your counselors this year for an outstanding job.

I'd like to say, "Thank you", for showing my daughter a wonderful time at camp! It's all she can talk about. She is begging to come back in August. She has even said that she wants to do all the weeks next summer. Even her attitude changed; it's much more positive now. She's never been a true outdoor kid until now. So again, thank you! and she will be back
